**Karen Bowlin**: Karen has been a CPR/EMS instructor since 1989. She is a past president for the NIS board and NEMSA board member. Her favorite class to teach is the EMS instructor as well as working with other EMS instructors. Her motto is “Quality Instructors produce Quality EMS providers”. Karen is currently the training agency representative on the Nebraska EMS board, this position aids her in developing methods of improvements for instructors and EMS educations itself. Karen retired from Mid-Plains Community College in 2018, and she continues to teach EMS courses and instructor training throughout the state.

**Using Scenarios in EMS Classes**
- Participate in a discussion on the importance of using scenarios
- Develop scenarios that range from simple to complex
- Establish a format for writing scenarios

**Wendy Snodgrass**: Wendy is the Education and Compliance Manager for the Nebraska Office of Emergency Health Systems. She has a BS in Food Science and Technology from The University of Nebraska-Lincoln and received her Paramedic and Instructor certificates through Creighton University. Wendy has been involved in EMS for 12 years, works part time for Nebraska City Fire and Rescue, and continues to teach EMS initial and continuing education classes.
